Use FTS and Federal Government Provided Commercial Telephone Services for Official Government Business Only. Use of Government Provided Telephone Services for Personal Business or Pleasure is Prohibited by Law and Could Result in an Employee's Suspension or Dismissal (31 U.S.C. 680a).

Incoming Calls

- Answer the telephone promptly. Identify your office and yourself.
- If the caller asks to speak to a person not immediately available, offer to take a message, and indicate when the person will be available.
- When a call reaches your office in error, consult the USDA Telephone Directory for number, tell the caller the correct number, and offer to transfer the call.

Call Transfer

For Rotary Dial Instruments

- Totally depress switchhook briefly, one time. Ringing will be heard. A telephone operator will answer.
- When correct telephone number of party is known, request the telephone operator to transfer the call to the party's correct telephone number.
- When the telephone number of party is not known, request the telephone operator to provide information assistance to the calling party and hang up.

For Touch Tone Instruments with Call Transfer Feature

- When correct telephone number of the party is known, advise the caller of the correct number and volunteer to transfer the call. If acceptable, depress switchhook one time firmly. You will hear two distinct tones. Dial the correct 5 or 7 digit telephone number and advise the called party of the incoming call and hang up. Call will be electronically transferred.
- If a wrong digit is inadvertently pressed or a dialing error is made, depress switchhook two short times. The original incoming call will return to your control. Simply begin transfer procedure once again.

Local Calls

The USDA is served by a Centrex system. The downtown complex, Hyattsville, Beltsville and College Park are all in Dialing Zone B and all persons can communicate among these facilities by using the last 5 digits of the 7 digit telephone number. Rosslyn and Arlington facilities are in Dialing Zone A and require dialing "9" plus the 7 digit number.

Within USDA

Consult the USDA Telephone Directory for the number. Listen for the dial tone. Then dial the 5 or 7 digit number.

Other Government Agencies

Listen for the dial tone. Dial "9" plus the 7 digit number. If the telephone number of the Agency you are trying to reach is not known, consult the Washington Agency Directory located in the back of this telephone directory.

Non-Government Calls

Listen for the dial tone. Dial "9" plus the 7 digit number.

Long Distance Calls

Federal Telecommunications System (FTS)

The FTS is a government network of leased long distance circuits through which you should attempt to make all official long distance calls in the continental United States. It must be used in lieu of commercial facilities unless (1) the cost of the call is 50 cents or less for the first three minutes, or (2) the FTS intercity voice network is busy and the urgency of the call is such that it must be placed immediately.

• Calls to Government FTS Telephones

Dial "8" and the 7 digit number being called. Consult the FTS Telephone Users' Guide when necessary. (Guides can be obtained from either your Administrative or Telephone Control Officer).

• Calls to Commercial Telephones

Dial "8", the area code, and the 7 digit number being called. If the commercial number is not known, dial "9" plus the area code you wish to reach and 555-1212 for free information.

• Calls to Alaska, Hawaii, Puerto Rico, and Canada

FTS service is available on a limited basis to and from Alaska, Hawaii, Puerto Rico, Virgin Islands and Canada for employees authorized by their respective agency/office to place such calls. Consult the FTS Telephone Users' Guide for information and instructions on placing calls to these locations over the FTS.

• Calls from Non-FTS Telephones to FTS Telephones

Consult the commercial telephone directory or the FTS Telephone Users' Guide for the commercial telephone number of the nearest FTS operator. When the operator answers, provide him/her your FTS telephone number, FTS identification symbol (Agency FTS identification symbols are changed each year; dissemination to all levels is under the control of your administrative agency headquarters in Washington, D.C.) and the 7 digit number desired.

• Commercial Long Distance Calls

When long distance calls have to be placed over commercial facilities, you should obtain approval from an authorized official within your agency/office prior to making the call. Employees who cannot justify their commercial long distance calls will be required to reimburse the USDA for the cost of the call by making payment in cash or check to the National Finance Center.

• Third-Party Billing

USDA telephones are not to be used by employees for personal calls except in cases of emergency. If it is necessary to place a personal long distance call, listen for the dial tone, dial "9", "0", the area code and the 7 digit number being called. When

the telephone operator comes on the line, tell him/her to bill the call to your home telephone number.

Use of Government Telephones by Non-Government Persons

USDA telephones are not to be made available to non-government people for either personal or business use. When requested by non-government persons to make a phone available, employees shall politely and tactfully explain that the telephones must be available for USDA official business and that pay telephones are available in various hallways throughout the USDA office buildings.

The U.S. Department of Agriculture operates six shuttle services between selected buildings located in the Washington Metropolitan Area. Any USDA or Federal Government employee or person specifically authorized by the USDA may utilize any of the shuttle services for transportation on official business to any

of the points serviced by the shuttle services. Non-government employees are not authorized to use the shuttles unless authorized as stated above. Shuttle drivers may request that an official identification pass be shown to assure that a passenger is authorized to use the service.

Listed below are the timetables and areas serviced by each of the shuttles, as well as a point of contact to which users may direct questions concerning the operation of each shuttle.

METRORAIL HOURS

Mon-Fri—6 am to Midnight
 Saturday—8 am to Midnight
 Sunday—10 am to 6 pm

Some very important numbers to help you ride Metro.

To help you use your METROBUS and METRORAIL services to your best advantage, we've got some numbers you can call for up-to-date information.

- **How to get from here to there — 637-2437**
Just tell the Transit Information Agent where you are, and where you want to go, and you'll get all the information you need.
- **How to get a timetable for your route — 637-1261**
Just call and tell us the route you'd like a timetable for, and we'll mail it to you immediately ... FREE!
- **Where to purchase Flash Passes or Commuter Tickets — 637-1179**
There are nearly 300 offices where you can purchase convenient com-

muter tickets and flash passes. Call us, and we'll tell you the location of the outlet nearest you.

- **Suggestions, inquiries, problems? — 637-1328**
If you have a comment, a question about service, or suggestions on how to improve METRO services, we want to hear from you! The people in our Consumer Assistance Office will be happy to help you!
- **Lost and Found — 637-1195**
If you think you've left something on a bus or train, or in a Metrorail Station, call us and we'll try to help you locate it.

637-2437
637-1261
637-1179
637-1328
637-1195

**Metro's New Washington ...
It's getting better all the time.**

Contacts for Updating Alphabetical Listing

91

The information contained in the alphabetical listing section of this directory is supplied to the Office of Operations and Finance (O&F) by a designated contact in each agency (See list below).

To ensure that the information on all USDA employees on file within O&F is current, it is essential that all

employees promptly notify their designated agency contact of all changes to any of the information contained in the alphabetical listing section of the directory, i.e., name, room number, building location, and telephone number, so the contacts can transmit this information to the AMLS and Telephone Directory Section of the Reproduction and Distri-

bution Division which maintains the data base for this information from which the alphabetical listing section of the USDA Telephone Directory is prepared as well as periodic updates of telephone directory information on USDA employees are transmitted to the GSA Locator Service here in Washington, D.C..
